Hi Pam,

Thank you for the update. We locals here are mainly concerned that:

- 1) The existing ramp must be replaced. Period.
- 2) Facilities OTHER THAN the ramp are NOT allowed.
- 3) There is NO "Phase II" plan that would enable the parking lot to become a campground.  
NO bathroom/shower, NO concessions, and NO overnight facilities.

\*We don't want to have a homeless encampment in Gardiner. Even without a decent boat ramp we are constantly picking up trash & used drug syringes in the areas around the ramp. I have already had things stolen from my shop/garage. We certainly don't want to be in the middle of a homeless encampment. The Sheriff deputies say there's little they can do to prevent criminal and drug activities. Please keep our concerns in mind. We don't want to become a scenic alternative to the encampment on Mill Rd.

Thanks.

The U.S. Environmental Protection Agency (EPA) and the World Health Organization (WHO) recommend maintaining environmental noises below 70 dBA over 24-hours (75 dBA over 8-hours) to prevent noise-induced hearing loss.
