

**APPENDIX "G":  
Environmental Agreement & Conditions of Approval**

I \_\_\_\_\_, the undersigned, owner and operator of \_\_\_\_\_ Business and/or vessel and I agree to the following conditions related to Environmentally-related activities on Port of Port Townsend property:

1. I will comply with the Port's Noise BMPs at all times while performing vessel repair and maintenance activities.
2. I will place a cash deposit with the Port of Port Townsend in the amount of \$1,000.00 or more depending on the scope of work, size of the vessel, etc. The Yard Manager will make that determination.
3. I will use canvas or other appropriately durable, waterproof material to ensure that all materials are prevented from falling on unprotected ground. Visqueen, standard poly tarps, plywood, etc. are not permitted.
4. I will use canvas or other appropriately durable material to surround the vessel's blocked area to prevent all air born materials from leaving the worksite.
5. I will ensure all workers will be properly equipped for the proper operation of all equipment utilized and will wear all of the appropriate safety clothing and air-breathing protective devices.
6. I will ensure the site is thoroughly clean upon completion of vessel repair and maintenance activities and I will notify the Port Yard office when I have completed such operations.
7. I will agree to pay for all clean-up of the work site that does not meet acceptable standards defined by the Port Yard Manager.
8. I will dispose of all materials in accordance with State and Federal regulations and will provide written documentation to the Marine Yard Manager of proper disposal.
9. I authorize any cost incurred by the Port for clean-up and/or disposal of debris from my vessel repair and maintenance operations to be deducted from my deposit, and in the event the deposit is insufficient to cover clean-up and disposal costs, I will pay all additional charges.
10. I will notify the Yard Office and schedule an inspection **before** I conduct any vessel repair and maintenance activities.
11. I will terminate all activities in the event of equipment failure or other occasions that would cause any material to leave the containment area and I will **STOP** from

resuming vessel repair and maintenance activities until containment facilities are operating properly.

12. I will comply with all State and Federal regulations applicable to vessel repair and maintenance operations to include air and water quality standards and waste disposal requirements.
