#### **RESOLUTION NO. 527-09**

#### A Resolution of the Commission of the Port of Port Townsend

RESOLUTION ESTABLISHING THE YEAR 2010 OPERATING BUDGET, AND AUTHORIZING CERTAIN DISBURSEMENTS TO MEET EXPENSES OF THE PORT OF PORT TOWNSEND FOR THE YEAR 2010.

**WHEREAS:** under the provisions of RCW 53.35.030 the Port Commission of the Port of Port Townsend is authorized to adopt a final budget for the year 2010, and;

**WHEREAS:** the required filing, notice and public hearing on the preliminary budget as provided in RCW 53.35.020 have been met;

**NOW, THEREFORE BE IT HEREBY RESOLVED** by the Port Commission of the Port of Port Townsend, that receipts and disbursements for the Port of Port Townsend operations for the year 2010 shall be as per the attached marked "Exhibit A", Port of Port Townsend Year 2010 Operating Budget.

ADOPTED this 10<sup>th</sup> day of November 2009, by the Commission of the Port of Port Townsend and duly authenticated in open session by the signatures of the Commissioners voting in favor thereof and the Seal of the Commission duly affixed.

ATTEST:

David H. Thompson, Secretary

Herbert F. Beck, President

APPROVED AS TO FORM:

Robert I. Goodstein, Port Attorney

Subject:

Port of Port Townsend 2010 Operating Budget

The Port of Port Townsend Commission and staff started the 2010 budget process in June of this year. We have discussed the 2010 budget at each of our regular meetings, taking public comments and suggestions throughout the process. A formal public hearing will be held on October 28, 2009. By State law we are required to have an adopted budget by November 30, 2009.

Early on, the Port Commission gave guidance to staff to bring them a budget that was balanced, but still allowed for moving forward with priority maintenance projects and the A/B Dock replacement. The draft budget does that. It is a very conservative budget taking into account the local impacts resulting from the nationwide recession.

We've modified the budget format to make it more readable but still staying within accounting guidelines. Our Finance Director has a "Financial Overview" on pages 2 and 3 that explains in more detail how the budget is presented and the changes from last year. Please take the time to read this. This draft budget is available at the Port's Administration Office and is posted on our web site: <a href="www.portofpt.com">www.portofpt.com</a>. If you have any questions - please do not hesitate to contact us. You can call me directly at 385-0656.

Sincerely,

Larry Crockett
Executive Director

### **Financial Overview**

### **Operating Revenues**

The 2010 budget reflects total operating revenues of \$4.424 million, which is down \$842,000 from the 2009 budget, directly as a result of the Port leasing out the PTBH fuel dock operation, to a private operator. The revenue and associated expenses, from this lease are now reflected in the PTBH Property profit center. The other major changes in budgeted revenues for 2010 comes from a reduction of approximately \$75,000 in PTBH Permanent Moorage, as a result of the A/B Dock re-construction project, tentatively scheduled to start by October 1, 2010. Most of this revenue is anticipated to be recaptured in either the Work Yard or Point Hudson moorage, as the affected vessels are relocated during construction, and has been budgeted as such.

The Port has taken what it believes to be a conservative approach to forecasting all revenues for 2010, especially in those areas that are most subject to the current economic downturn, and other fluctuations, including guest moorage, RV's, and work yard and ship yard activity, basically assuming that the 2009 levels of service will continue fairly constant with some increased work and ship yard activity thru 2010.

At this time, there are no rate changes proposed for 2010. The current Work Yard Incentive Plan, which began on July 1, 2009 and which reduces work & ship yard layday rates by 20%, is scheduled to run through March 31, 2010, however, the budget forecast is based on these rates returning to their pre-Incentive Plan levels on April 1<sup>st</sup>. Haul-out rates, which were reduced by 50% as part of the Incentive Plan, go back to their previous levels on January 1, 2010, and are budgeted as such.

### Operating Expenses

Port wide operating expenses are forecast to be \$3.29 million, before depreciation expense of \$1.168 million, which is a decrease of \$146,785 (4.3%) from the 2009 budget. Decreasing staff size by 4.25 FTE's from the 2009 Budget, from 30.36 FTE's to 26.10 FTE's reduces costs by \$148,785, therefore all other expense items are relatively constant in the aggregate. These staff reductions come from positions in Moorage, Work Yard, Security, and Accounting.

The current staffing budget does include funding for implementation of the second 1/3 portion of the N.W. Management Consulting, Inc., Compensation Study, completed in January, 2009, which laid out a plan to bring Port salary levels closer to where the market survey showed they should be.

By Commission direction, the Point Hudson profit center has been split into two for 2010. One for property rentals and one for marina and RV operations, to more closely resemble the process used in reporting PTBH property and marina operations.

### **Income From Operations**

The 2010 budget forecasts an Income from Operations of (\$82,735), which is down \$28,575 from the 2009 budget, however, it is an improvement of \$105,131 (56%) when compared to the 2008 actual Income from Operations of (\$187,866), and probably closer to where 2009 will actually come in at.

### Non-Operating Revenues & Expenses

The 2010 budget includes a \$860,000 tax levy, which is an increase of approximately \$30,000 from the 2009 actual levy amount, and represents the value of new construction, plus the 1% increase allowed for 2010 under State Statue, plus the 1% banked levy capacity from 2009.

Interest income is forecast conservatively at \$30,000 for 2010, as investment rates continue to be very low, and as the Port anticipates using available reserves toward 2010 capital projects.

Debt service for 2010 has been increased by \$225,000 to cover estimated interest expense on the proposed new \$5+ million LTGO Bond issue for the A/B Dock project, with a proposed issue date during the 1<sup>st</sup> quarter of 2010.

### Net Income

Net Income for 2010 is budgeted to be \$173,739, before transfers to the PTBH Renovation Reserve Fund, (budgeted at \$165,000) down from the 2009 Net Income Budget forecast of \$425,830, however, not as far off when compared to the 2008 actual Net Income of \$345,080.

On a cash basis this budget forecasts \$251,000 for equipment purchases and/or capital construction projects, for 2010.

### **Contact Info**

For additional information or questions regarding the Port's 2010 Operating Budget, please contact the Port at 360-385-0656, or email <u>info@portofpt.com</u>. The budget can also be found on the Port web site @ <u>www.portofpt.com</u>. The Port Administration Office is located at 375 Hudson Street, Port Townsend, WA 98368.
